THE MANAGING DIRECTOR'S COMMUNIQUE

Dear Shareholders,

It is my privilege to present the Annual Report of Pacific Industries Limited for F.Y. 2023-2024.

I am pleased to report that your Company has made steady progress during the year and is on track in its transformation journey of becoming a leading player in the Granite and Quartz Segment. Despite the continued challenges in the post pandemic world emanating from a highly volatile macro environment and geopolitical unrest, the Company has delivered a well-rounded performance in revenue growth in F.Y. 2023-24.

In this fast-moving world, staying resonant and relevant for 35 years is a journey of great pride for any organization. What adds to our excitement is Pacific Industries Limited ("PIL") ability to remain the preferred choice of its clients.

Your Company has taken significant steps towards becoming growth oriented and building strong organisational capabilities. During the year, substantial progress has been made in strengthening the core businesses and expanding the total addressable market. I want to express my gratitude to our Clients for their trust and confidence in us leading to continuous patronage.

While I take this opportunity to thank our Board Members for their valuable guidance, I am grateful for your unwavering support and the dedication of our employees, both of which have been instrumental in the steady progress the Company has made thus far. We value your partnership and look forward to reaching new heights together on this journey.

5. CREATION OF CHARGE ON THE ASSETS PURSUANT TO SECTION 180(1)(a) OF COMPANIES ACT, 2013

Keeping in view the Company's existing and future financial requirements to support its business operations, the Company needs additional funds. For this purpose, the Company is desirous of raising finance from various Banks and/or Financial Institutions and/ or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in ordinary course of business) may exceed the aggregate of the paid-up capital and the free reserves of the Company

In order to facilitate securing the borrowing made by the Company, it would be necessary to create charge on the assets or whole or part of the undertaking of the Company. Section 180(1)(a) of the Companies Act,

2013 provides for the power to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company subject to the approval of members in the General Meeting.

None of the Directors and Key Managerial Personnel of the Company or their respective relatives is concerned or interested in the passing of the Resolution.

6. APPROVAL FOR BORROWINGS LIMITED UNDER SECTION 180 (1)(C)-

As per the provisions of section 180 (1) (c) of The Companies Act, 2013, Board of Directors of a company shall not borrow money, where the money to be borrowed, together with money already borrowed, will exceed aggregate of its paid up capital and free reserves without getting approval of shareholders by special resolution. Keeping in view the future fund requirement and prospects Board of Directors are of the opinion that the approval of Members be taken for borrowing amount upto Rs. 350 Crores excluding temporary loans from banks.

The company is constantly reviewing opportunities for new and expansion of its business operations and would, therefore required to borrow in order to achieve greater financial flexibility and therefore proposed that the board of directors of the company be authorized to borrow from time to time such sum of money even though the money so borrowed together with money already borrowed exceed in the aggregate of the paid up share capital and free reserves of the company provided however that the total borrowing (apart from temporary loans obtained or to be obtained from company's bankers in the ordinary course of business) shall not exceed as specified in proposed resolution.

None of the Directors and Key Managerial Personnel of the Company or their respective relatives is concerned or interested in the passing of the Resolution.

7. INVESTMENT(S), LOANS, GUARANTEES AND SECURITY IN EXCESS OF LIMITS SPECIFIED UNDER SECTION 186 OF COMPANIES ACT, 2013

In order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, the Board of Directors of the Company proposes to make use of the same by making investment in other bodies corporate or granting loans, giving guarantee or providing security to other persons or other body corporate or as and when required.

Pursuant to the provisions of section 186(3) of the Companies Act, 2013 and rules made there under, the Company needs to obtain prior approval of shareholders / members by way of special resolution passed at the General Meeting in case the amount of investment, loan, guarantee or security proposed to be made is more than the higher of sixty percent of the paid up share capital, free reserves and securities premium account or one hundred percent of free reserves and securities premium account.

Accordingly, the Board of Directors of the Company proposes to obtain approval of shareholders by way of special resolution as contained in the notice of the Extra-Ordinary General Meeting for an amount not exceeding Rs. 350 Crores (Rupees Three hundred and Fifty crores only) outstanding at any time notwithstanding that such investments, outstanding loans given or to be given and guarantees and security provided are in excess of the limits prescribed under Section 186 of the Companies Act, 2013.

The Directors therefore, recommend the Special Resolution for approval of the shareholders.

None of the Directors, Key Managerial Personnel of the Company or their relatives or any of other officials of the Company as contemplated in the provisions of Section 102 of the Companies Act, 2013 is, in any way, financially or otherwise, concerned or interested in the resolution.

8. TO GRANT APPROVAL FOR PROVIDING LOANS, MAKING INVESTMENTS, EXTENDING GUARANTEES IN CONNECTION WITH LOANS UNDER SECTION 185 OF THE COMPANIES ACT, 2013:

The Company may have to render support for the business requirements of its Subsidiary Companies or Associate or Joint Venture or group entity or any other person in whom any of the Director of the Company is deemed to be interested (collectively referred to as the “Entities”), from time to time. However, owing to certain restrictive provisions contained in Section 185 of the Companies Act, 2013 (‘the Act’), the Company was unable to extend financial assistance by way of loan to such Entities.

The Board of Directors seek consent of the Members by way of a Special Resolution pursuant to Section 185 of the Act (as amended by the Companies (Amendment) Act, 2017) for making loan(s) or providing financial assistance or providing guarantee or securities in connection with the loans taken or to be taken by the Entities for the capital expenditure of the projects and/or working capital requirements including purchase of fixed assets as may be required from time to time for the expansion of its business activities and other matters connected and incidental thereon for their principal business activities.

The Members may note that Board of Directors would carefully evaluate proposals and provide such loan, guarantee or security through deployment of funds out of internal resources/accruals and/or any other appropriate sources, from time to time, only for principal business activities of such Entities.

The Board of Directors recommend the resolution given in this Notice for your approval as a Special Resolution.

None of the Directors, Key Managerial Personnel of the Company or any of their relatives, are concerned or interested in the above proposed resolution, except to their equity holdings and Directorships in the Company, if any

Corporate Governance Report

A report for the financial year ended 31st March, 2024 on the compliance by the Company with the Corporate Governance requirements as specified under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as 'Listing Regulations'), is furnished below:

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Pacific Industries Limited ("the Company") strives to follow the best corporate governance practices, develop robust policies/guidelines, communicate and train all its employees in order to foster a culture of compliance and obligation at every level of the organization. At Pacific Industries Limited, it is not only Governance but better and better Governance. We consider it as achieving a balance of Business, Corporate, Social and Philanthropy goals.

We have established processes to ensure our Board functions effectively, promoting efficient and balanced decision-making, to effectively fulfill its duties in the best interest of our shareholders, employees and all other stakeholders.

The Company is in compliance with the provisions of Corporate Governance, as specified in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and is committed to meeting the expectations of stakeholders as a responsible corporate citizen.

2. BOARD OF DIRECTORS

Corporate Governance acts as a pioneer factor for the decision making process by Board of Directors of the Company. The Board's role is to oversee the management and governance of the Company. We believe that an active, well-informed and independent Board is necessary to ensure the highest standards of corporate governance.

Being a two tier Corporate Governance structure at the Company, the Board of Directors, along with its Committees, provides leadership and guidance to the management, leads, directs and supervises the performance of the Company, thereby enhancing stakeholder value. The Board has a fiduciary relationship in ensuring that the rights of all stakeholders are protected.

In contracts that involve any potential conflict of interest, the Interested Directors excuse themselves and the ultimate decision-making authority is conferred upon the Independent Directors of the Company, representing fair, transparent and ethical business environment in the Company.

3. Code of Conduct

The Company has in place a comprehensive Code of Conduct ('the Code') applicable to the Directors and employees. The Code is applicable to Non- Executive Directors including Independent Directors to such extent as may be applicable to them depending on their roles and responsibilities. The Code gives guidance and support needed for ethical conduct of business and compliance of law.

A copy of the Code has been put up on the Company's website and can be accessed at www.pacificindustriesltd.com. The Code has been circulated to Directors and Management Personnel, and its compliance is affirmed by them annually.

A declaration signed by the Company's Chairman and Managing Director is published in this Report.

4. Composition of Board of Directors:

The Board of Directors of the Company comprises of eminent professionals and has an optimum combination of Executive Directors ("ED"), Non- Executive Directors ("NED") and Independent Directors ("ID"), including Women Director, with half of the Board comprising of Non-Executive and Independent Directors to maintain the Board's independence, and distinguish its functions of governance and management. The Company is fully compliant with the Corporate Governance norms in terms of constitution of the Board of Directors.

The strength of the Board is six Directors comprising two Executive including the Chairman of the Company and four Non-Executive Directors. Half of the Board of Directors consists of Independent Directors on account of Executive Director designated as the Chairman. All Directors possess relevant qualifications and experience in general corporate management, finance, banking, and other allied fields which enable them to effectively contribute to the Company in their capacity as Directors.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management of Pacific Industries Limited is pleased to present the Management Discussion and Analysis Report, which lucidly explains the Company's business, industry structure, opportunities and concerns, performance of the Company with respect to the operations and other relevant information. Management Discussion and Analysis forms a part of the compliance report on Corporate Governance.

❖ Global Economy 2023

The global economy is navigating a dynamic landscape, amidst a spectrum of challenges and opportunities. Demonstrating remarkable resilience in CY 2023, it experienced a steady but slow recovery, albeit with regional disparities. According to the International Monetary Fund (IMF), the global economy achieved a modest growth rate of 3.2% in CY 2023. Despite escalating geopolitical conflicts, higher inflation, higher interest rates, a sluggish recovery in China and volatility in energy prices and food markets, global economic growth has decelerated but not halted. Furthermore, the crisis in the Red Sea route has caused the biggest diversion of global trade in decades, resulting in higher logistical costs, shipment delays, and elevated fuel and commodity prices.

Global inflation continues to recede at a faster pace and decreased from 8.7% in CY 2022 to 6.8% in CY 2023. It is expected to decline further to 5.9% in CY 2024 and 4.5% in CY 2025. Core inflation has remained persistent and is expected to decline gradually. Advanced economies are returning to their inflation targets sooner than emerging market and developing economies, fostering optimism for continued easing of financial conditions and improvement of monetary policy frameworks

Economic growth in several emerging markets and developing economies has surpassed projections in CY 2023. Additionally, a positive development is the strongest recovery of the US economy among major economies, marked by a stronger performance in private consumption, swift containment of a looming banking crisis, tight labor market, and rising wages. The GDP of the US increased to 2.5% in CY 2023 and is projected to grow to 2.7% in CY 2024. The Euro Area has shown resilience in managing unprecedented shocks triggered by the prolonged Russia-Ukraine war, the lingering impacts of tight monetary policy, and previous energy price fluctuations. After experiencing a 0.4% decline in GDP growth in CY 2023, the Euro Area is projected to grow at 0.8% in CY 2024.

outlook. The global economy is expected to grow at 3.2% in both CY 2024 and CY 2025. Advanced Economies (AEs) are projected to witness a modest uptick in growth from 1.6% in CY 2023 to 1.7% in CY 2024 and 1.8% in CY 2025. Emerging Markets and Developing Economies (EMDEs) are expected to experience a slight decline from 4.3% in CY 2023 to 4.2% in CY 2024 and CY 2025. With the improvement in the economic landscape, the World Trade Organisation predicts a moderate recovery in global merchandise trade volume, with growth rates expected to reach 2.6% in 2024 and further increase to 3.3% in 2025.

❖ Indian economy

Amid a volatile global economic landscape, India shines as a beacon of stability. The Indian economy maintained a steady growth trajectory, solidifying its position as the fifth-largest economy in the world. According to the provisional estimates of gross domestic product (GDP) growth released by the National Statistical Office (NSO), India's GDP growth rate has exceeded the second advance estimate and is estimated to reach 8.2% in FY 2023-24 compared to 7.0% in FY 2022-23. The fourth quarter of FY 2023-24 witnessed a robust growth rate of 7.8% Y-o-Y due to strong performance in the manufacturing sector. The overall economic growth was supported by strong domestic demand, increased investment, moderate inflation and a stable interest rate environment.

India's Index of Industrial Production (IIP) recorded a growth rate of 5.8% in FY 2023-24, marking an increase from 5.2% in the previous year. The Mining sector recorded the highest growth at 7.5%, followed by Electricity at 7.1% and Manufacturing at 5.5% in FY 2023-24. The growth observed in the IIP, Goods & Services Tax (GST) collections, manufacturing Purchasing Managers' Index (PMI), per capita income and increasing private capital expenditure collectively signifies strong economic momentum. India's per capita GDP in current prices is estimated at ` 2.11 Lakhs in FY 2023-24, achieving healthy growth of 8.6%. Rising levels of disposable income have led to an upswing in household consumption, stimulating demand across sectors. Furthermore, headline inflation softened to 5.4% during FY 2023-24 from 6.7% in the previous year. However, volatile food prices hinder the trajectory of disinflation. The RBI opted to maintain the policy repo rate at 6.50% and remain vigilant to take effective measures to achieve the target of 4% inflation.

Despite a subdued external environment, India's overall trade deficit significantly improved by 35.77% from USD 121.62 billion in FY 2022-23 to USD 78.12 billion in FY 2023-24. Merchandise trade deficit improved by 9.33% at USD 240.17 billion compared to USD 264.90 billion in the previous fiscal year. Total merchandise exports stood at USD 437.06 billion in FY 2023-24. Electronic Goods, Drugs & Pharmaceuticals, Engineering Goods, Iron Ore, Cotton Yarn/Fabric/made-ups, Handloom products, etc. and Ceramic products and glassware were major contributors to export growth.

India's economic outlook remains promising with the IMF projecting a GDP growth rate of 6.8% in FY 2024-25 and 6.5% in FY 2025-26. The economy is poised to benefit from the demographic dividend, increased capital expenditure, proactive government policies, robust consumer demand and improving rural consumption prospects. As headline inflation eases towards the target, it is expected to stimulate consumption demand, especially in rural areas. The government's continued emphasis on capital expenditure and fiscal consolidation efforts, coupled with growing consumer and business optimism augur well for investment and consumption demand. Key government initiatives such as 'Make in India 2.0', Ease of Doing Business and PLI scheme are poised to bolster the infrastructural and manufacturing base, enhance economies of scale, boost exports and position India as a global manufacturing hub. Furthermore, the Interim Budget 2024-25 outlines a comprehensive economic management strategy, including infrastructure development, digital public infrastructure, taxation reforms, and proactive inflation management. These measures lay the foundation for achieving the vision of a developed and self-reliant India by 2047.

❖ **Outlook**

The Indian quartz and granite industry is poised for accelerated growth, supported by strong domestic and global demand. Furthermore, manufacturers are prioritizing quality and the adoption of cutting-edge technologies to meet the demands of export markets. However, challenges arise from persistent inflation in several countries, and elevated freight costs and delays in transit time due to the Red Sea crisis. Additionally, escalating geopolitical tensions have the potential to disrupt the supply chain in the future and may adversely impact exports. In the longer term, the Indian quartz and granite industry is poised to emerge as a global hub, leveraging its manufacturing prowess, skilled and adaptable workforce and cost advantages. Furthermore, the Indian industry is well-positioned to benefit from the "China plus one" strategy as countries seek to reduce reliance on China by exploring alternative sources. With a strong focus on technology, product assortment, innovation and quality, we stand in a good position to emerge as a leader in the lucrative exports market.

❖ Global Granite Stone Industry

The size of the global granite market attained a valuation of USD 17,363.02 million in the year 2021. It is projected to witness growth at a Compound Annual Growth Rate (CAGR) of 3.2%, to reach an estimated value of USD 20,978.75 million by the year 2027.8 In the year 2023, the global granite market encountered several challenges, including inflationary pressures in major global economies and supply chain disruptions resulting from the war in Europe. However, in spite of these global headwinds, the global granite market demonstrated significant growth. The upsurge in demand for granite is primarily driven by its expanded usage in diverse construction applications, such as kitchen countertops, bath vanity tops, backsplashes, and bathroom sinks & basins. The enduring allure of granite for residential purposes, coupled with increased investments in construction projects, has further accelerated the market's growth trajectory. Apart from construction applications, granite finds extensive use in sculpture and memorials, as well as in engineering and other diverse sectors. This multifaceted material's resistance to rust and its ability to retain its colour indefinitely, especially in the context of granite countertops, play pivotal roles in driving the overall market growth.

❖ Indian Granite Stone Industry

The Indian granite industry has garnered widespread recognition as a major player in the global stone market. Acclaimed for its diverse array of colours, remarkable durability, and intricate patterns, Indian granite commands a prominent status in both the construction and decorative domains worldwide. India stands among the leading producers and exporters of granite, making a substantial contribution to the nation's economic expansion. The industry is predominantly concentrated in the southern states of Tamil Nadu, Karnataka, Andhra Pradesh, and Telangana, where abundant granite reserves are found. These regions have become major granite clusters with numerous quarries and processing units, fostering a competitive and thriving business environment. During recent times, the Indian granite industry has encountered various challenges and undergone significant changes. Environmental issues, especially pertaining to sustainable quarrying methods, have spurred the government to implement more stringent regulations to mitigate the environmental impact. Granite quarrying has frequently faced criticism for its potential to induce land degradation and biodiversity loss, thereby prompting the adoption of sustainable mining practices. The Indian granite industry has also adapted to technological advancements, with increased investment in modern machinery and processing units. This has enhanced production capabilities and improved the overall quality of finished granite products, meeting international standards and demands. Despite its strengths, the industry has encountered obstacles like fluctuating international demand, changing global economic conditions, and competition from other granite-producing countries. To remain competitive, Indian granite exporters are continually exploring new markets and diversifying their product offerings.

❖ Quartz

Quartz is an important material with several functions. Sand, a necessary component of glass manufacturing, is made from tiny quartz stones. There are several uses for quartz rock crystals in electronic devices. It functions as an oscillator for radios, watches, scales and intervention of optics. Sandblasting, breaking glass and cutting delicate stones all use quartz for grating. As major silicon semiconductors are made using quartz, it is mostly employed in the personal computer industry. The expanding sales of various electronic gadgets, such as tablets, phones, desktop computers and laptops, have raised the demand for semiconductors. The global quartz market was worth USD 7.2 billion in CY2022. By CY2028, the market is expected to reach USD 10.4 billion, with a compound annual growth rate (CAGR) of 5.8% between CY2023 and CY2028. The rapid development of technology and the widespread use of quartz crystals in the construction of frequency filters, controllers and timers in electronic circuits are fuelling growth in the market. Quartz is also used in the

manufacturing of solar cells, which are gaining popularity as renewable energy sources. In the upcoming years, demand for quartz is anticipated to rise as solar energy usage increases. Energy-efficient lighting, such as LED bulbs, is produced using quartz and is gaining popularity as an alternative to conventional incandescent bulbs. Quartz is an important product in this industry since it is necessary for the manufacturing of concrete, tiles and other building materials. It is projected that higher infrastructure investment, particularly in emerging economies, will eventually raise the demand for quartz.

❖ **Countertop market Overview**

The global demand for countertops is projected to experience a steady growth rate of 4.3% per year, reaching 711 million square meters in 2027, with an estimated value of \$54.6 billion. This growth will be driven by a surge in countertop installations in both residential and non-residential settings, as they continue to be preferred over freestanding or wall-mounted fixtures in kitchens and bathrooms. Furthermore, the demand for countertops will receive a boost from the increasing trend of residential remodelling, where countertop replacement remains one of the most popular and sought-after methods to upgrade kitchens and bathrooms. As a result, the countertop market is expected to witness significant advancements, driven by the demand for improved aesthetics and functionality in various living and commercial spaces. Despite the positive growth outlook for the countertop market, there are certain factors that may restrain further gains. Weak new housing outlooks in key regions such as the US, China, Japan, South Korea, and Europe are expected to limit the expansion of the market. Furthermore, there is a possibility of a deceleration in the global market value through 2027. This is primarily attributed to the unusually high price levels experienced in 2023, which were influenced by inflationary pressures. As a result, the countertop market may face challenges in sustaining the same rate of growth as in previous years.

❖ **Outlook for Granite and Quartz Surface**

The projected growth of global demand for engineered stone countertops is estimated at a robust 9.3% per year, reaching 128 million square meters by 2027. Engineered stone has experienced rapid expansion in its share of the global countertop market, rising from 7% of sales in 2012 to 14% in 2023. Its popularity has soared, particularly in the large US market, owing to its appealing aesthetics, durability, and ease of maintenance in comparison to natural stone. This has positioned engineered stone as the most preferred countertop material in the US. The continued strong sales increases and increasing market share can be attributed to several factors:

- A growing variety of colours in line with current design trends sourced from both domestic and foreign suppliers, offering consumers a wide range of options to suit their preferences.
- The increased availability of non-Breton equipment, mainly manufactured in China, which has allowed producers to significantly enhance their production capacity.
- The abundance of low-cost quartz slabs from the Asia/Pacific region, Africa/Mideast region and other locations has made engineered stone production more cost-effective, further driving its popularity.
- The establishment of broader distribution networks for engineered stone has made these countertops more accessible and widely available, contributing to their growing demand.

Independent Auditor's Report on the Standalone Ind AS Financial Statements

To
The Members of
PACIFIC INDUSTRIES LIMITED

Report on the Standalone Ind AS Financial Statements**Opinion**

We have audited the accompanying Standalone Ind AS Financial Statements of **Pacific Industries Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Change in Equity and Statement of Cash Flow for the year then ended, and notes to the standalone Ind AS financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of Standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) as specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

We draw your attention to the Note 45 of the standalone financial statement that there was a Search & Survey conducted by Income Tax Authorities in Feb 2023 on Factory and other premises of the company and certain records were seized by Income Tax Department. Assessment in this regard is yet to be completed and no provision has been made against the liability in this regard (if any) that may arise in future, the same will be dealt with only after completion of Assessment. The company had made necessary disclosure to the stock exchanges in this regard on February 21,2023.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

<u>The Key Audit Matter</u>	<u>How was the matter addressed in our audit</u>
<u>Revenue Recognition</u>	
Revenue is one of the key profit drivers. Cut-off is the key assertion insofar as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year.	Our audit procedures with regard to revenue recognition included testing controls, around dispatches/deliveries, inventory reconciliations and substantive testing for cut-offs and analytical review procedures.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone Ind AS financial statements and our auditors' report thereon. These reports are expected to be made available to us after the date of this audit report.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. Since these reports are expected to be made available to us after the date of this audit report hence currently, we have nothing to report in this regard.

Management's Responsibility for the standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, state of affairs, profit (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error; and to issue an auditor's report

that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- i. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- ii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iii. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- iv. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matter communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal & Regulatory Requirement.

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure-I** statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure-II**. Our report expresses an Unmodified Opinion on the adequacy and operating effectiveness of the company internal financial controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the years in accordance with the provisions of section 197 of the act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its standalone financial statements – Refer Note 38 to the standalone financial statements.

 - iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been

advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries-Refer **Note 43** to the standalone financial statements.

- b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries- Refer **Note 43** to the standalone financial statements.
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e) as provided under (A) and (B) above contain any material misstatement
- v. The company has not declared/ paid dividend during the current financial year , hence this clause is not applicable.
- vi. Based on our examination which includes test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the year ended March 31, 2024.

- f) According to the records of the company examined by us and as per the information and explanations given to us, the Company has not raised loans during the year on the pledge of securities held in its subsidiaries or associate companies. Hence, the requirement to report on clause (ix) (f) of the Order is not applicable to the Company.
10. (a) The Company has not raised money(s) by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
11. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
12. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable
13. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business

Annexure II to the Independent Auditors' Report

Referred to in paragraph 1(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Pacific Industries Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Standalone financial statements of the Company as of and for the year ended March 31, 2023, We have audited the internal financial controls over financial reporting **PACIFIC INDUSTRIES LIMITED** ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the company has maintained , in all material respects , adequate internal financial control over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2024, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".

Notes to the Standalone Ind AS Financial Statement for the year ended 31st March 2024

Note 1 : Corporate Information

Pacific Industries Limited (the company) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on Bombay Stock Exchange in India. The company is engaged in the export, manufacturing & trading of Granite tiles & slabs and Quartz Slabs and other goods and commission activities.

Note 2 : Significant accounting policies

The following are the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 01, 2016. These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

The financial statements for the year ended March 31, 2024 were approved by the Board of Directors and authorized for issue on **25th May 2024**.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.3 Functional and Presentation Currency

The financial statements are prepared in Indian Rupees ("INR") which is the Company's presentation currency and the functional currency for its operations. All financial information presented in INR has been rounded to the nearest lakhs with two decimal places unless stated otherwise.

2.4 Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the year.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgments and estimates relating to carrying value of assets and liabilities include useful lives of Property, plant and equipment, impairment of Property, plant and equipment, investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

2.5 Classification of Assets & Liabilities as Current & Non-Current

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realization in cash and cash equivalent, the Company has determined its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.6 Recognition of Revenue and Expenditure

“Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.”

2.6.1 Sale of Goods

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

2.6.2 Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the effective interest rate method. Interest income is included under the head “Other Income” in statement of profit and loss.

2.6.3 Expenses

All expenses are charged in statement of profit and loss as and when they are incurred.

2.7 Property, Plant & Equipment and Depreciation

Property, Plant & Equipment

Property, plant and equipment are initially recognized at cost including the cost directly attributable for bringing the asset to the location and conditions necessary for it to be capable of operating in the manner

intended by the management. After the initial recognition the property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. Any gain or loss on disposal of an item of property, plant and equipment is recognized in the statement of profit and loss. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs to the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of profit and loss when incurred.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

Depreciation

“Depreciation is provided on a Written Down Value basis except for New Quartz Plant (Taanj), where Depreciation is provided on Straight Line method over the estimated useful life of all the assets as prescribed in Schedule II of the Companies Act, 2013. The residual values, useful life and methods of depreciation of property, plant and equipment are reviewed at the end of each reporting period, with the effect of any change in estimated accounted for on a prospective basis. “

Depreciation is not recorded on capital work-in progress until construction and installation is completed and the asset is for intended use.

2.8 Inventory

Inventories consists of Raw Material, Work In Progress, Finished Goods , Scrap & Stores & Spares.

Inventories are valued at the lower of cost or net realisable value. Cost is determined on weighted average basis.

Raw materials & Stores & Spares: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition on the weighted average basis.

Finished goods and work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity on a weighted average basis. Cost of finished goods includes other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.9 Employee benefits

a) Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to

be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Defined Contribution Plan

The Company makes defined contribution to Provident Fund managed by Government Authorities, which are accounted on accrual basis as expenses in the statement of Profit and Loss. The Company has no obligation other than the contribution payable to the provident fund.

c) Defined Benefit Plan

The employees' gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plans is determined based on an independent actuarial valuation using the projected unit credit method, carried out as at balance sheet date. The obligation determined as aforesaid less the fair value of the Plan assets is reported as a liability or assets as of the reporting date. Actuarial gain or losses are recognised immediately in the Other Comprehensive Income and reflected in retained earnings and will not be reclassified to the statement of profit and loss.

d) Other Long-Term Benefits

Provision for other long term benefits in the form of long term compensated absences (leave encashment) are accounted for on the basis as if it becomes due for payment on the last day of accounting year.

2.10 Income Tax

Tax expenses comprises current and deferred tax. It is recognised in Statement of profit and loss except to the extent it relates to the items recognised directly in equity or in OCI.

Current tax

Current tax comprises the expected tax payable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. Current tax assets and liabilities are offset only if there is a legally enforceable right to set it off the recognised amounts and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under Income tax Act, 1961.

"Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.”

“The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.”

Presentation of current and deferred tax:

“Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.”

2.11 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent Liability is disclosed in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or where no reliable estimate is possible. Contingent liabilities are not recognised in financial statements but are disclosed in notes.

Contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognised in financial statements and are disclosed in notes.

2.12 Foreign Currency Transactions

Transactions in foreign currency are recorded at exchange rates prevailing at the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss of the year.

Monetary assets and liabilities denominated in foreign currencies which are outstanding, as at the reporting date are translated at the closing exchange rates and the resultant exchange differences are recognised in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recognised using the exchange rate at date of initial transactions, are not retranslated.

In respect of forward contracts, the premium or discount on these contracts is recognized as income or expenditure over the period of the contract. Any profit or loss arising on the cancellation or the renewal of such contracts is recognized as income or expense for the year.

2.13 Impairment

Non-financial assets

The carrying amount of non- financial assets other than inventories are assessed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. An impairment loss is recognised as an expenses in the Statement of Profit and Loss, for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Value in use is ascertained through discounting of estimated future cash flows using a discount rate that reflects the current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels into cash generating units for which there are separately identifiable cash flows.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment had been recognised.

Financial Assets

The Company assesses at each reporting date whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

2.14 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset, until such time as the assets are substantially ready for the intended use or sale. Interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. The borrowing costs other than attributable to qualifying assets are recognised in the profit or loss in the period in which they incurred.

2.15 Financial Instruments

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial asset or financial liabilities, as appropriate, on initial recognition.

Transactions costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and loss.

2.15.1 Financial assets

All regular way purchases or sale of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sale of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of Financial Assets

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest rate method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(v) Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

vi) Derecognition

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

vii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.16 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker and the Board of Directors of the company considers and maintains Stones - Granite and Quartz, trading other than Granite & Quartz & Other services as the Business Segments of the Company.

2.17 Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

2.18 Recent accounting pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Note-34 Lease

The company has taken mines on Operating Lease from “Department of Mines & Geology” and minimum yearly rental is being paid which is adjusted against royalty amount, if payable.

Note-35 Employee Benefit
(A) Defined Contribution Plan:-

The Company operates defined contribution retirement benefit plans for all qualifying employees. Contributions are made to registered provident fund and Employee state insurance administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation.

Particulars	31-Mar-24	31-Mar-23
Contribution to provident fund and other fund recognised in Statement of Profit and Loss	49.41	41.61
Contribution to ESI in Statement of Profit and Loss	2.32	2.58

(B) Defined Benefit Plan:-
Gratuity

In accordance with the provisions of Payment of Gratuity Act, 1972, the company has defined benefit plan which provides for gratuity payment. The plan provides a lump sum gratuity payment to eligible employees at retirement or termination of their employment. The amounts are based on the respective employee’s last drawn salary and the year of employment with the company. The company’s gratuity plan is an unfunded plan.

These plans typically expose the Company to actuarial risks such as: Actuarial Risk, Investment Risk, Liquidity Risk, Market Risk & Legislative Risk:

“A. Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:
Adverse Salary Growth Experience : Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.”

“B. Investment Risk :

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.”

“C. Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cashflows.”

“D. Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.”

“E. Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.”

No other post-retirement benefits are provided to the employees.

The actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2024 by a certified actuary of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate the fair values:

“1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

2) Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values. Risk of other factors for the company is considered to be insignificant in valuation.”

Note 40: Financial Risk Management

Financial risk management policy and objectives

The key objective of the Company’s financial risk management is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor, and customer confidence and to ensure future development of its business. The Company is focused on maintaining a strong equity base to ensure independence, security, as well as financial flexibility for potential future borrowings, if required without impacting the risk profile of the Company.

Company’s principal financial liabilities, comprise Borrowings from Banks, trade and other payables. The main purpose of these financial liabilities is to finance Company’s operations and plant expansion. Company’s principal financial assets include investments, trade and other receivables, deposits with banks and cash and cash equivalents, that derive directly from its operations.

Company is exposed to market risk, credit risk and liquidity risk.

“The Company’s Board oversees the management of these risks. The Company’s Board is supported by senior management team that advises on financial risks and the appropriate financial risk governance framework for the Company. The senior management provides assurance to the Company’s Board that the Company’s financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company’s policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.”

i) Market risk

“Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk interest rate risk, currency risk and price risk. Financial instruments affected by market risk include investments in equity shares, security deposits, trade and other receivables, deposits with banks and financial liabilities.

The sensitivity analysis in the following sections relate to the position as at 31 March 2024 and 31 March 2023. The sensitivity of the relevant income statement item is the effect of the assumed changes in respective market risks. “

Independent Auditor’s Report on Audit of Consolidated Financial Results

To

The Members of

PACIFIC INDUSTRIES LIMITED

Opinion

We have audited the accompanying consolidated financial statements of PACIFIC INDUSTRIES LIMITED (“the Company”) and its subsidiaries (the Company and its subsidiary together referred to as the “Group”), which comprise the Consolidated Balance Sheet as at March 31, 2024, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the “consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements, give the information required by the Companies Act, 2013 (the “Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2024 and their consolidated profit, their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (“SA”s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

In our opinion and to the best of our information and according to the explanations given to us, these consolidated financial results include the financial results of the following entities:

- a. Gaze Fashiontrade Limited (Wholly Owned Subsidiary)
- b. Gist Minerals Technologies Limited (Wholly Owned Subsidiary)
- c. Taanj Quartz Inc (Wholly Owned Foreign Subsidiary)

Emphasis of Matter

We draw your attention to the **Note 45** of the consolidated financial statement that there was a Search & Survey conducted by Income Tax Authorities in Feb 2023 on Factory and other premises of the company and certain records were seized by Income Tax Department. Assessment in this regard is yet to be completed and no provision has been made against the liability in this regard (if any) that may arise in future, the same will be dealt with only after completion of Assessment. The company had made necessary disclosure to the stock exchanges in this regard on February 21 2023.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

<u>The Key Audit Matter</u>	<u>How was the matter addressed in our audit</u>
<u>Revenue Recognition</u>	
Revenue is one of the key profit drivers. Cut-off is the key assertion insofar as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year.	Our audit procedures with regard to revenue recognition included testing controls, around dispatches/deliveries, inventory reconciliations and substantive testing for cut-offs and analytical review procedures.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone Ind AS financial statements and our auditors' report thereon. These reports are expected to be made available to us after the date of this audit report.

Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. Since these reports are expected to be made available to us after the date of this audit report hence currently, we have nothing to report in this regard.

Management's Responsibilities for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Boards of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Boards of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless

the respective Boards of Directors either intend to liquidate their respective entities or to cease operations, or have no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the company and its subsidiary company has adequate internal financial control with reference to financial statement in place and operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified

misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of two subsidiaries included in the consolidated financial results whose financial information reflect total assets of Rs. 27188.95 lacs, total revenue of Rs. 2611.66 lacs and total net profit after tax of Rs. 210.24 lacs for the year ended March 31, 2024 and includes the financial statements of one foreign subsidiary whose financial statements reflect total assets of Rs. 19.29 lacs, and total net loss of Rs. 4.80 lacs for the year ended March 31, 2024 as considered in consolidated financial results. These financial statements have been audited by other auditors/ independent firm of accountants whose reports have been furnished to us by the other auditors/ independent firms of accountants/ management and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors/ independent firms of accountants and the procedures performed by us.

Report on Other Legal and Regulatory Requirements

1. The report does not include a statement on the matters specified in paragraph 3 & 4 of the companies (Auditor's Report) Order, 2020 issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, since in our opinion the said order is not applicable to the presentation of Consolidated Financial Statements
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.

e) On the basis of the written representations received from the directors of the Company as on March 31, 2024 taken on record by the Boards of Directors of the Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in “Annexure II” which is based on the auditors’ reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.

g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group- Refer Note 38 in the consolidated financial statements.

ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries Refer Note 43 in the consolidated financial statements,

b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;- Refer Note 43 in the consolidated financial statements.

c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the

representations under sub-clause (i) and (ii) of Rule 11 (e) as provided under (A) and (B) above contain any material misstatement.

- v. The company has not declared/paid dividend during the current financial year, hence this clause is not applicable.
- vi. Based on our examination which includes test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the year ended March 31, 2024.

Annexure I to the Independent Auditors' Report

Referred to in paragraph 1(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Pacific Industries Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2024, We have audited the internal financial controls over financial reporting PACIFIC INDUSTRIES LTD. ("the Company") and its subsidiary company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Boards of Directors of the Company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI") and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to the Consolidated Ind AS Financial Statement for the year ended 31st March 2024**Note 1 : Corporate Information**

Pacific Industries Limited (the company) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on Bombay Stock Exchange in India. The company is engaged in the export, manufacturing & trading of Granite tiles & slabs and Quartz Slabs and other goods and commission activities.

Note 2 : Material accounting policies

The following are the Material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 01, 2016. These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

The financial statements for the year ended March 31, 2024 were approved by the Board of Directors and authorized for issue on 25th May 2024.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.3 Functional and Presentation Currency

The financial statements are prepared in Indian Rupees ("INR") which is the Company's presentation currency and the functional currency for its operations. All financial information presented in INR has been rounded to the nearest lakhs with two decimal places unless stated otherwise.

2.4 Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the year.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgments and estimates relating to carrying value of assets and liabilities include useful lives of Property, plant and equipment, impairment of Property, plant and equipment, investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

2.5 Classification of Assets & Liabilities as Current & Non-Current

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realization in cash and cash equivalent, the Company has determined its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

2.6 Recognition of Revenue and Expenditure

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

2.6.1 Sale of Goods

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

2.6.2 Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the effective interest rate method. Interest income is included under the head "Other Income" in statement of profit and loss.

2.6.3 Expenses

All expenses are charged in statement of profit and loss as and when they are incurred.

2.7 Property, Plant & Equipment and Depreciation

Property, Plant & Equipment

Property, plant and equipment are initially recognized at cost including the cost directly attributable for bringing the asset to the location and conditions necessary for it to be capable of operating in the manner intended by the management. After the initial recognition the property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. Any gain or loss on disposal of an item of property, plant and equipment is recognized in the statement of profit and loss. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their

specific useful lives. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs to the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of profit and loss when incurred.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

Depreciation

Depreciation is provided on a Written Down Value basis except for New Quartz Plant (Taanj), where Depreciation is provided on Straight Line method over the estimated useful life of all the assets as prescribed in Schedule II of the Companies Act, 2013. The residual values, useful life and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation is not recorded on capital work-in progress until construction and installation is completed and the asset is for intended use.

2.8 Inventory

Inventories consists of Raw Material, Work In Progress, Finished Goods , Scrap & Stores & Spares.

Inventories are valued at the lower of cost or net realisable value. Cost is determined on weighted average basis.

Raw materials & Stores & Spares: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition on the weighted average basis.

Finished goods and work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity on a weighted average basis. Cost of finished goods includes other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.9 Employee benefits

a) Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Defined Contribution Plan

The Company makes defined contribution to Provident Fund managed by Government Authorities, which are accounted on accrual basis as expenses in the statement of Profit and Loss. The Company has no obligation other than the contribution payable to the provident fund.

c) Defined Benefit Plan

The employees' gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plans is determined based on an independent actuarial valuation using the projected unit credit method, carried out as at balance sheet date. The obligation determined as aforesaid less the fair value of the Plan assets is reported as a liability or assets as of the reporting date. Actuarial gain or losses are recognised immediately in the Other Comprehensive Income and reflected in retained earnings and will not be reclassified to the statement of profit and loss.

d) Other Long-Term Benefits

Provision for other long term benefits in the form of long term compensated absences (leave encashment) are accounted for on the basis as if it becomes due for payment on the last day of accounting year.

2.10 Income Tax

Tax expenses comprises current and deferred tax. It is recognised in Statement of profit and loss except to the extent it relates to the items recognised directly in equity or in OCI.

Current tax

Current tax comprises the expected tax payable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. Current tax assets and liabilities are offset only if there is a legally enforceable right to set it off the recognised amounts and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under Income tax Act, 1961.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Presentation of current and deferred tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

2.11 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent Liability is disclosed in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or where no reliable estimate is possible. Contingent liabilities are not recognised in financial statements but are disclosed in notes.

Contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognised in financial statements and are disclosed in notes when it is virtually certain that economic benefits will inflow to the Company.

2.12 Foreign Currency Transactions

Transactions in foreign currency are recorded at exchange rates prevailing at the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss of the year.

Monetary assets and liabilities denominated in foreign currencies which are outstanding, as at the reporting date are translated at the closing exchange rates and the resultant exchange differences are recognised in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recognised using the exchange rate at date of initial transactions, are not retranslated.

In respect of forward contracts, the premium or discount on these contracts is recognized as income or expenditure over the period of the contract. Any profit or loss arising on the cancellation or the renewal of such contracts is recognized as income or expense for the year.

2.13 Impairment

Non-financial assets

The carrying amount of non- financial assets other than inventories are assessed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. An impairment loss is recognised as an expenses in the Statement of Profit and Loss, for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Value in use is ascertained through discounting of estimated future cash flows using a discount rate that reflects the current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels into cash generating units for which there are separately identifiable cash flows.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment had been recognised.

Financial Assets

The Company assesses at each reporting date whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

2.14 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset, until such time as the assets are substantially ready for the intended use or sale. Interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. The borrowing costs other than attributable to qualifying assets are recognised in the profit or loss in the period in which they incurred.

2.15 Financial Instruments

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial asset or financial liabilities, as appropriate, on initial recognition. Transactions costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and loss.

2.15.1 Financial assets

All regular way purchases or sale of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sale of financial assets that require delivery of assets within

the time frame established by regulation or convention in the market place. All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of Financial Assets

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest rate method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(v) Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

(vi) Derecognition

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

(vii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.16 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker and the Board of Directors of the company considers and maintains Stones - Granite and Quartz, trading other than Granite & Quartz, Investment and Finance & Other services as the Business Segments of the Company.

2.17 Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

2.18 Principles for consolidation

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases. The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, Income and expenses. Inter company transaction, balances and unrealised gains on transaction between group companies are eliminated. The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

2.19 Business combinations

The Group accounts for its business combinations under acquisition method of accounting. Acquisition related costs are recognised in profit or loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date except deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements, which are recognised and measured in accordance with Ind AS 12- Income taxes and Ind AS 19- Employee benefits, respectively.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of non-controlling interest in the acquiree, and the fair value of acquirer's previously held equity instrument in the acquiree (if any) over the net of acquisition date fair value of identifiable assets acquired and liabilities assumed. Where the fair value of identifiable assets and liabilities exceed the cost of acquisition, after reassessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve.

The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interest's proportionate share of the acquirer's Identifiable Net Assets. The choice of measurement basis is made on an acquisition-by-acquisition basis.

2.20 Recent Accounting Pronouncement

Note-35 Employee Benefit

(A) Defined Contribution Plan:-

The Company operates defined contribution retirement benefit plans for all qualifying employees. Contributions are made to registered provident fund and Employee state insurance administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation.

Particulars	31-Mar-24	31-Mar-23
Contribution to Provident fund Statement of Profit and Loss	49.41	41.61
Contribution to ESI in Statement of Profit and Loss	2.32	2.58

(B) Defined Benefit Plan:-**Gratuity**

In accordance with the provisions of Payment of Gratuity Act, 1972, the company has defined benefit plan which provides for gratuity payment. The plan provides a lump sum gratuity payment to eligible employees at retirement or termination of their employment. The amounts are based on the respective employee's last drawn salary and the year of employment with the company.

These plans typically expose the Company to actuarial risks such as: Actuarial Risk, Investment Risk, Liquidity Risk, Market Risk & Legislative Risk:

“A. Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience : Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

“B. Investment Risk :

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

“C. Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cashflows.

“D. Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

“E. Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

No other post-retirement benefits are provided to the employees.

The actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2024 by a certified actuary of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

Assumptions:

The principal assumptions used for the purposes of the actuarial valuations are given below:

Discount Rate	7.35%	7.35%
Future Salary growth rate	6.00%	6.00%

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values. Risk of other factors for the company is considered to be insignificant in valuation.

Note 40: Financial Risk Management

Financial risk management policy and objectives

The key objective of the Company's financial risk management is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor, and customer confidence and to ensure future development of its business. The Company is focused on maintaining a strong equity base to ensure independence, security, as well as financial flexibility for potential future borrowings, if required without impacting the risk profile of the Company.

Company's principal financial liabilities, comprise Borrowings from Banks, trade and other payables. The main purpose of these financial liabilities is to finance Company's operations and plant expansion. Company's principal financial assets include investments, trade and other receivables, deposits with banks and cash and cash equivalents, that derive directly from its operations.

Company is exposed to market risk, credit risk and liquidity risk.

The Company's Board oversees the management of these risks. The Company's Board is supported by senior management team that advises on financial risks and the appropriate financial risk governance framework for the Company. The senior management provides assurance to the Company's Board that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk interest rate risk, currency risk and price risk.
